# **THE INVESTMENT SAVINGS ACCOUNT**

---

### ***HIGH YIELD***

- Now you can earn high yield Money Market Rates that are available to large corporations like TCA, which has been in business for over 20 years and has a net worth of over \$60 million.

### ***INSURED***

- Your investment is 100% insured. The FDIC shall cover up to \$100,000 and Lloyds of London shall insure up to \$1,000,000 @ account.

### ***LIQUIDITY***

- After the first 6 months, your money is available to you. Although an interest rate reduction shall apply to redemption's between the 6<sup>th</sup> to 12<sup>th</sup> month, after your one-year anniversary no penalties shall apply for withdrawal. \*

### ***STABILITY***

- After taxes and inflation some Money Market accounts may end up costing you money, at the expense of any stability they might provide. By earning higher yields you can be assured your money is "really" growing.

### ***GUARANTEED***

- Not only is your investment insured up to \$1,000,000, the "fixed" rate you receive will be renewable for a minimum term of three years. You will have the option of steady, high yield accrual regardless of interest rate fluctuations and economic volatility.

\* Interest rates per annum shall be reduced by three percentage points for early withdrawal, prior to the 12 Month term.
