<sup>1</sup> The 2006 population figures are FBI estimates based on provisional data from the U.S. Census Bureau. (See Data Declaration.)

<sup>2</sup> The FBI does not publish arson data unless it receives 12 months data from either the agency or the state for 2005 and/or 2006.

<sup>3</sup> The population for the city of Mobile, Alabama, includes 56,876 inhabitants from the jurisdiction of the Mobile County Sheriff's Department.

<sup>4</sup> It was determined that the agency did not follow Program guidelines for reporting this offense. Consequently, this figure is not included in this table and has been excluded from all Report tabulations.

<sup>5</sup> Complete January through December data for 2005 are not available.

<sup>6</sup> The data collection methodology for the offense of forcible rape used by the Illinois (with the exception of Rockford, IL) and Minnesota state Uniform Crime Reporting (UCR) Programs do not comply with national UCR guidelines. Consequently, their figures for forcible rape and violent crime (of which forcible rape is a part) are not published in this report.

<sup>7</sup> Because of changes in the agency's reporting practices, figures are not comparable to previous years' data.

<sup>8</sup> Due to an annexation of population, figures are not comparable to previous years' data.
