MITT ROMNEY

Strong America. Strong Borders.

MITT ROMNEY: No Amnesty.

"One simple rule: No Amnesty. It hasn't worked in the past. It's not going to work in the future."

MITT ROMNEY: No "sanctuary cities" that protect illegal immigrants.

Mitt Romney will cut back federal funding to cities that act as sanctuaries for illegal immigrants and refuse to comply with federal law or aid federal law enforcement.

MITT ROMNEY: No special benefits for illegal immigrants.

As Governor, Mitt Romney vetoed tuition breaks for illegal immigrants and opposed plans to grant driver's licenses to illegal immigrants.

"Immigration has been an important part of our nation's success. The current system puts up a concrete wall to the best and brightest while those without skills or education are able to walk across the border. We must reform immigration laws so we can secure our borders, implement a tamper-proof documentation and employment verification system, and increase legal immigration into America."
